Veggie Tales & Tiny Trails

One, two, three, four fancy peppers.

Five, six, seven, eight sleepy garlics.

Nine, ten, eleven, teary-eyed onions.

It's time to trim the carrot tops and tidy up the apples – those proud little things.

One after the other, and the other, and the other.

Let's take the cabbages for a stroll and line up the oranges like we're painting the sun on a juicy day.

Then, grab the watering can and cheer up a gloomy lettuce with a little dancing rain. Splash!

Twelve, eleven, ten, nine dreamy aubergines.

Eight, seven, six, five singing pomegranates.

Four, three, two, one magical market.

SS26 Collection

Colors

The color palette of this collection takes us straight to the atmosphere of a local fresh market. We find the natural whites of turnips, the beiges and toasty tones of ginger, onions, and mushrooms, the vibrant ochre of ground turmeric, the warm orange of carrots and pumpkins. Pink and terracotta shades recall radishes and beets, while the fresh, fragrant colors of pears, cherries, oranges, and lemons bring the palette to life. Each hue evokes the authentic aromas and flavors of organic produce, lovingly offered by small local growers.

Fabrics

Just like the fresh market goods, the fabrics in this collection are carefully chosen for their natural, organic, and sustainable origins. This season, we welcome regenerative cotton — a raw material that respects the soil and preserves it for the future. The natural textures proudly embrace their tiny imperfections, adding charm and authenticity to every piece. It's in that imperfect beauty that true character is found.

Patterns

The patterns reflect the heart of a market: stripes inspired by open-air stall awnings, florals drawn from traditional kitchen cloths used to cradle and cover fresh goods, and veggie prints and fruit embroideries that celebrate local craftsmanship and tradition. Each detail tells a story — one that intertwines simplicity with the quiet magic of organic markets.

Silhouettes & Style

Shapes are easy, relaxed, and thoughtfully designed for freedom of movement. The collection is made to be layered so little ones can mix colors and prints. Each outfit becomes playful and versatile, giving little wardrobes more personality with fewer pieces.
