

BE CREATIVE

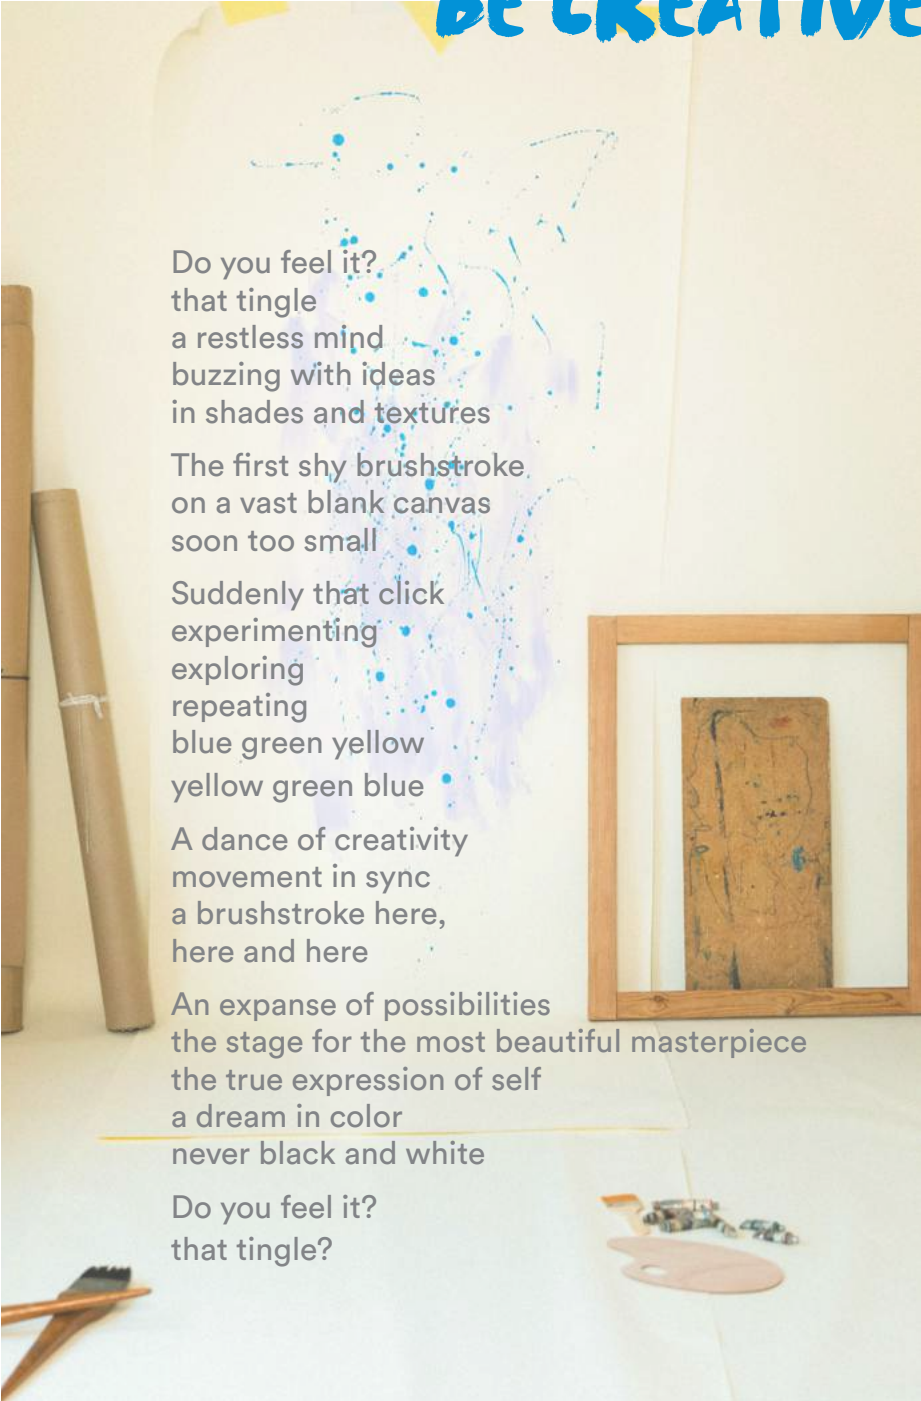

SS25 Collection

snug

by Portuguese Hands

BE CREATIVE

Do you feel it?
that tingle
a restless mind
buzzing with ideas
in shades and textures

The first shy brushstroke
on a vast blank canvas
soon too small

Suddenly that click
experimenting
exploring
repeating
blue green yellow
yellow green blue

A dance of creativity
movement in sync
a brushstroke here,
here and here

An expanse of possibilities
the stage for the most beautiful masterpiece
the true expression of self
a dream in color
never black and white

Do you feel it?
that tingle?

Info SS25

About the collection

For the 2025 spring-summer season, we wish to present a cool, 'fruity' colour palette, sometimes with 'water-coloured' nuances.

A collection greatly focused on image and words:

. "be" – a very small word that simply means to be, to exist... but, at the same time, it can be "simplicity", "sensitivity", "fragility", and "personality" - embroidered with a simple natural cord, on a sweater

. "Let's be creative" – represents the state of mind that we must all have when facing life's various challenges, not only visually, but also spiritually. An important message that should be passed on to the little ones and everyone around us - a phrase embroidered by hand, on a sweatshirt

. "the little bee, the butterfly, and the snail" – the friendship between three "miniature" beings, delicate and innocent just like our little ones, represented in childlike drawings for the prints of a T-shirt...

. all-over motifs that represent the coolness of summer – multicolour stripes, as if they were brushstrokes in a colour study; thin irregular effect stripes, floral motifs...

About the raw materials

This season, our collection focuses not only on comfort and freedom of movement, but also on a more conscientious and positive selection of raw materials.

A collection mostly made up of cotton jersey (70%), with an increasingly bigger inclusion of recycled cotton. A versatile and cool material that allows for the creation of light, timeless, loose, and comfortable pieces, easy to wash and without the need to iron.

We have also introduced linen, a natural material ideal for summer, made from a strong plant that grows with little resources. As it is one of the most durable textile fibres, it is possible to make timeless and long-lasting pieces, with longer life cycles.

Additionally, we offer a wide range of "garment dye" pieces, dyed with GOTS certified pigments. These pieces can be used in tone-on-tone combinations or coordinated with our prints. Supporting parents and families in a wardrobe of essential pieces.

Sales until: September 8

Deliveries: end of January / beginning of February
